EXPERIENCE

Accenture / Senior Technology Analyst
Seattle, WA

User Interface Designer - Property Management Company
November 2019 – Present

Created 50+ wireframes in Sketch program for the key component of an internal portal used by over 1000 client employees.

Worked with manager and BA to define requirements for integrating an external site into company portal and navigated technical fallbacks with design solutions.

Presented high-fidelity wireframes in Zeplin on a weekly basis to product owner and incorporated feedback into the next iteration of designs.

AI Data Training Analyst – Global E-Commerce and Cloud Computing Company

August – September 2019

Collaborated with Product Owners and QA Analysts to produce 200+ minutes of transcription files with passing validation of 95% for word accuracy at the word level and 90% for tag accuracy at the tag level.

Provided QA feedback on 10+ completed transcription documents and created finalized documents based on tags aligned to speech segments in Audacity.

User Experience Architect - Telecommunications Company

August 2018 – July 2019

Designed 200+ wireframes in Axure RP and UXPin for key program features along with leading the design efforts for one of those key features.

Collaborated on design solutions during weekly meetings with 4 user experience designers, and monthly sessions with a team of 10+ researchers and designers.

Defined requirements for incorporating designs into application updates with product owners and managers.

Created 20+ interactive prototypes in Axure RP and UXPin for user experience researchers to obtain feedback from application users.

Presented design updates during the bi-weekly production meeting with over 50 stakeholders.

EDUCATION

University of Michigan / BSE
in Computer Science
Ann Arbor, MI
September 2014 - April 2018

GPA: 3.14/4.0

Courses: Data Structures and Algorithms, Computer Organization and Hardware, Computation Theory, Web Systems, Computer Security, Mobile Application Development, Information Retrieval

SKILLS

Tools

Sketch
Axure RP
UXPin
